IT’S TIME TO DEMAND MORE

Simple to install,
Simple to operate.
Simply the best.

The Grundfos ALPHA will change the way you view circulators. With its permanent magnet motor design, this energy efficient circulator reduces power consumption by 50% or more. The unique patented AUTOadapt™ feature controls pump performance automatically within defined performance range, ensuring lowest possible energy consumption without sacrificing comfort.

For installation, you also have the flexibility to use either our unique ALPHA Plug with line cord or the ALPHA with terminal box for conduit connection applications. The choice is yours.
THE UNIQUE FEATURES OF THE GRUNDFOS ALPHA™

Technical Data:
- Flow Range: 0 to 21 GPM
- Head Range: 0 to 19 Feet
- Motor: 1X115V
- Min. Fluid Temperature: 36°F (2°C)
- Max. Fluid Temperature: 230°F (110°C)
- Max. Working Pressure: 150 PSI
- Watts: 5-45W
- Amps: 0.65A

Dimensional Drawing:

Unique ALPHA Plug with line cord
Terminal box for conduit connection applications
Large display shows current energy consumption in Watts
Large display shows estimated flow in gallons per minute
A one button, easy-to-use interface

Nut capture
Compact design
Stainless steel and cast iron pump housing available
Integrated check-valve (optional)

At Grundfos, we believe in making the complicated seem simple and innovative technology intuitive. Bringing more flexibility and ease of use to your workflow, AUTOADAPT technology is revolutionary to the market. As the ideal choice for more than 80% of systems, AUTOADAPT will continuously search for the lowest possible head to meet system requirements and find the setting that provides optimal comfort with minimal energy consumption.
